COMMUNITY

GILBERT FELLERS FUNERAL HOME

950 ALBERT ROAD, BROOKVILLE, OHIO 44309

CASE STUDY

2005 ABC Award of Honor

Funeral home to service the community and provide indoor lobby and adequate off street parking.

PROJECT SPECIFICATIONS

- 10,500 total square feet
- Three flexible viewing areas
- Indoor waiting area in lobby
- Modern yet traditionally comfortable to service community
- Complete project – 11 months

UNIQUE CHALLENGES

Building “front” faced the street and prevailing winter winds so Bon Builders designed the front entrance facing East with a covered drive-through. Three viewing rooms could be used individually or combined to become a larger viewing room. Lobby is comfortable with natural light, fireplace, in-wall fish tank and plenty of room inside for guests and visitors.

CLIENT SATISFACTION

“...architectural expertise helped us create a building that has already proven to be both functional and beautiful... quick to respond...attention to detail and builder’s knowledge made it easy to sit back and relax as the building unfolded.”

*David Fellers, President
Gilbert-Fellers Funeral Home*

LOBBY

Light tower brings natural light into center of lobby. Note fireplace with conversation area.

LOUNGE AREA

Designed for family respite, receptions, and children’s play area

VIEWING AREA

Designed to be flexible space, for three smaller viewings, or one large service
