MANAGEMENT RESUME

Dana V. Shoup, AIA

Company Role: President

Dana has been at Bon full time since 1991 and became co-owner in 2002.

Having grown up in a family of builders, construction is a part of who Dana is, and he brings that hands-on experience to each building he designs. As a registered Architect with the AIA, Dana held architectural design positions with other firms before returning to Bon Builders to lead the design group.

Expertise: As an architect, I solve space problems for people and create buildings that they like, both functionally and aesthetically. My experience as an estimator helps me to design with the client's budget constantly in mind and my practical experience in the field ensures the "build-ability" of my designs.

My Commitment to Our Clients: To always follow through on what we say we will do, to refrain from anything that compromises our honesty and integrity and to adhere to the "golden rule."

Greatest Professional Accomplishment: Making people happy with our service, with what we created for them, and being self-satisfied by a job well done. It's an honor to carry on the tradition of quality and integrity that my Dad started in 1966. While we have built many significant projects, the most rewarding aspect is client satisfaction.

School(s) Attended/Education: Graduate of Vandalia-Butler High School, Graduate of The University of Cincinnati with a Bachelor's of Architecture, Career Development at The Center for Entrepreneurial Education (Aileron) - Course for Presidents, Strategic Planning, How to Create an Outside Board and a Culture Workshop.

Favorite sports/hobbies: Coaching youth baseball and soccer, playing golf and tennis and snow skiing, boating and water skiing/water sports.

Other Involvement(s):

Member, AIA (American Institute of Architects); Vice President (2006) and President (2007) Vandalia-Butler Chamber of Commerce Board of Trustees; Board Member of Miami Valley Women's Center; Member of Vandalia Rotary.
